Cultural experience in Europe

Erasmus

Erasmus Universiteit Rotterdam

Welcome

Thank you for participating in this survey on culture. This research is conducted as part of a large European project, entitled *INVENT, European Inventory of Societal Values of Culture as a Basis for Inclusive Culture Policies in the Globalizing World*. This project is funded by the European Union's Horizon 2020 research and innovation programme. More information about the project can be found at <https://inventculture.eu/>. In this survey we are looking at how people aged 18 to 80 years old across Europe understand and experience culture, and what cultural activities they undertake. Culture can be so many different things to different people. Therefore, the survey asks about your background and concerns various aspects of culture, such as media use, the cultural supply, and your opinions on broader social and cultural developments in the Netherlands. There are no right or wrong answers. Every answer you provide will be valuable to us.

Your participation is completely voluntarily, meaning that you can stop at any time during your participation. Your personal information will be kept strictly confidential and the findings of this survey will be anonymized and used solely for academic research purposes.

Completing the survey takes approximately 25 minutes. If you have any questions during or after your participation, please consult the information sheet on our website or contact the Dutch research team at Erasmus University Rotterdam at inventculture@eshcc.eur.nl. Once the research is completed, a summary of key findings will be published on our website <https://inventculture.eu/>.
